EX.NO:07 User, Role and Permission Management in Zoho Creator

ROLL NO :240701573

NAME: UMAR FAROOK K

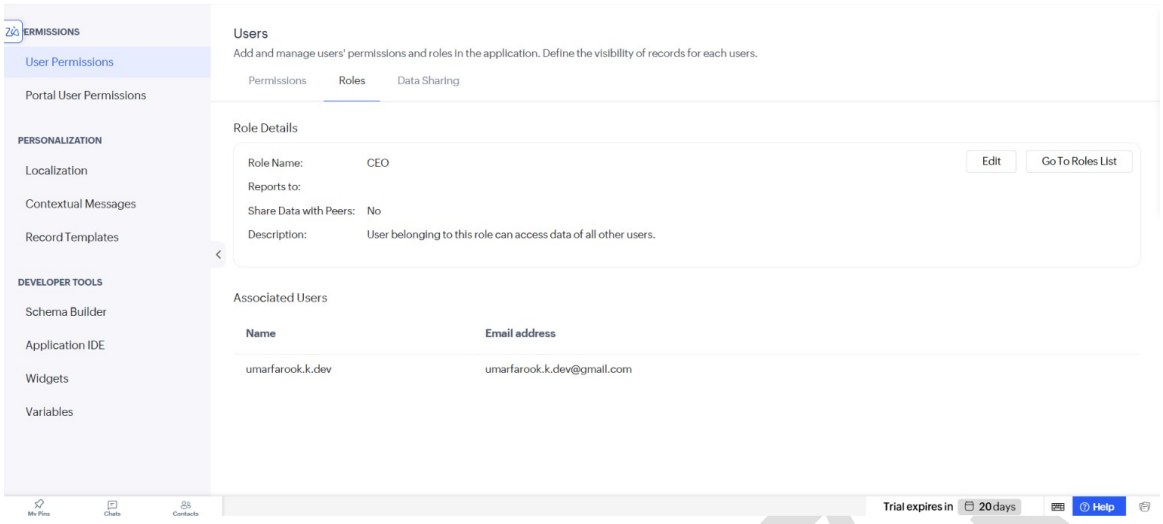

AIM:

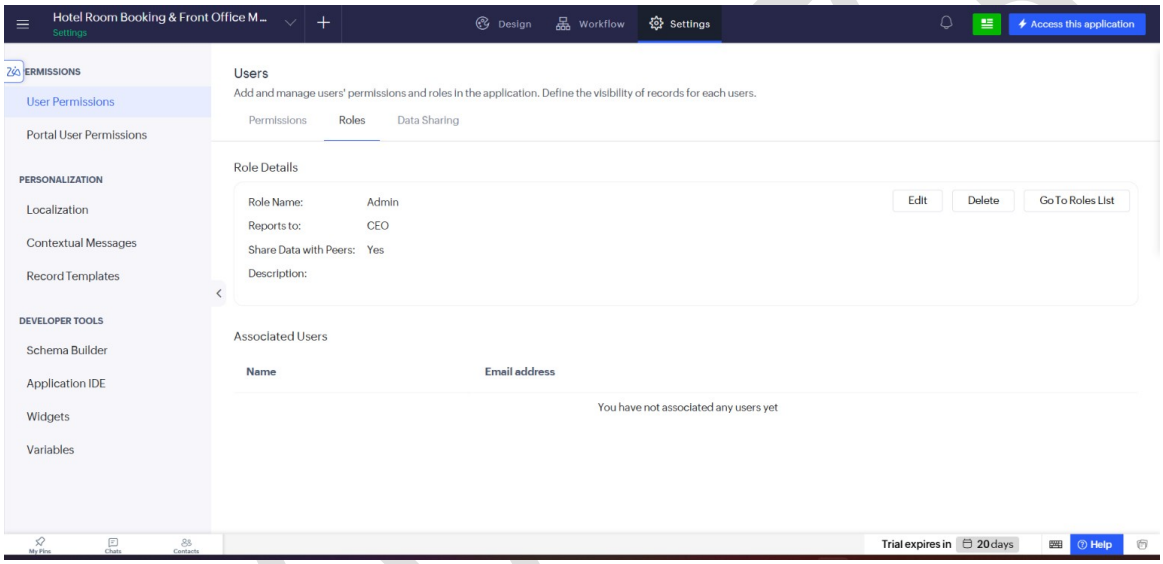

To create user roles and permission profiles in Zoho Creator for the Hotel Room Booking & Front Office Management application, and to control the access and data visibility of each user through the role hierarchy.

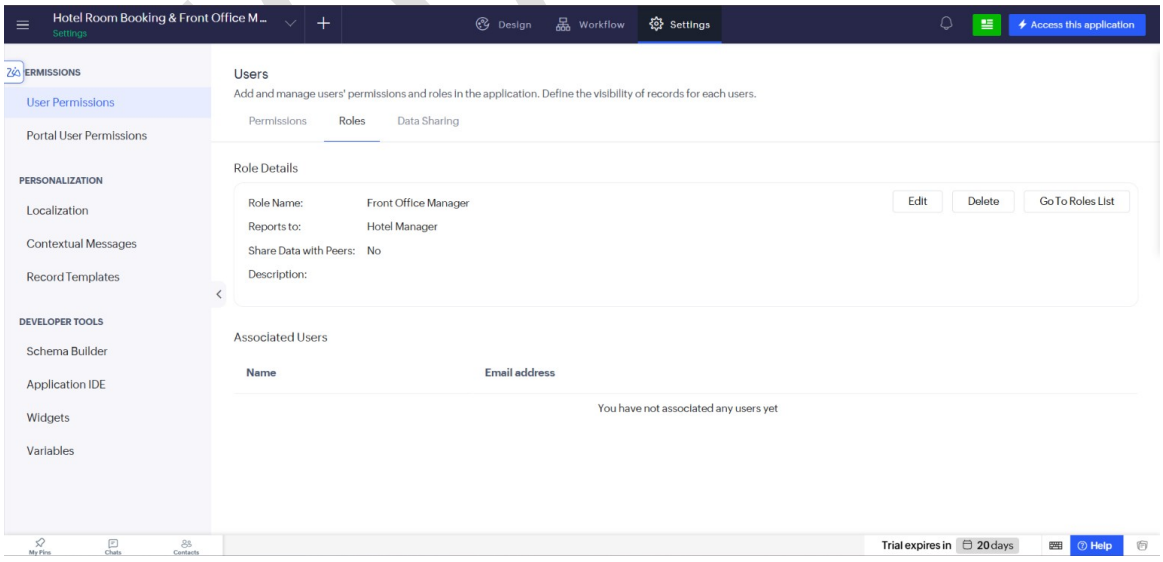

PROCEDURE:

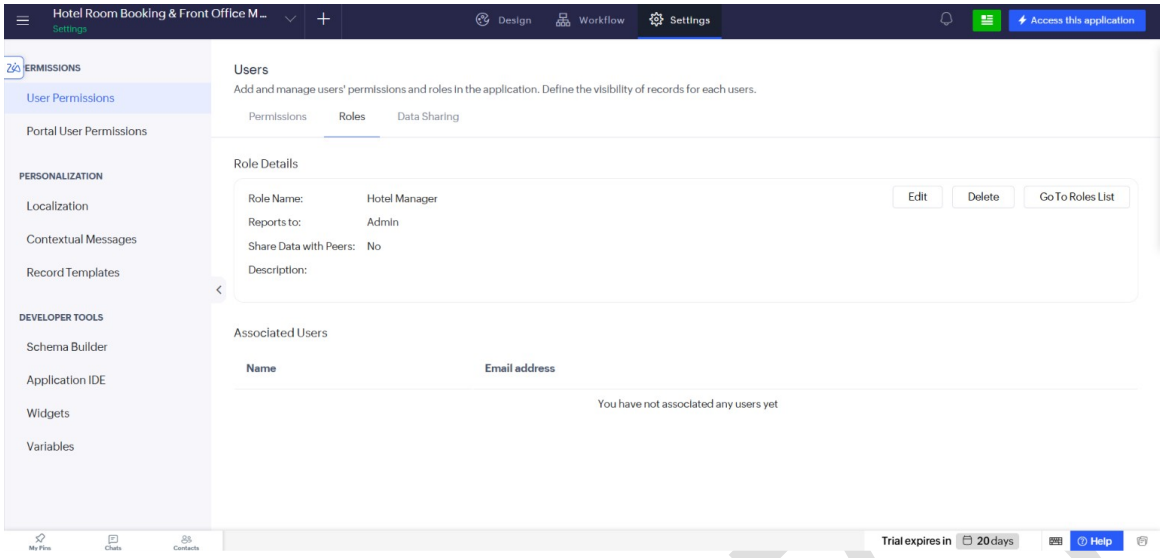

1. Sign in to Zoho Creator and open the Hotel Room Booking & Front Office Management application.
2. Click the Settings tab and select User Permissions from the left menu.
3. Open the Roles tab and use the default role CEO, which can access the data of all other users.
4. Create the role Admin and set it to report to CEO, with Share Data with Peers set to Yes.
5. Create the role Hotel Manager, reporting to Admin, with Share Data with Peers set to No.
6. Create the role Front Office Manager, reporting to Hotel Manager, with Share Data with Peers set to No.
7. Create the role Receptionist, reporting to Front Office Manager, with Share Data with Peers set to No.
8. Open the Permissions tab and create the profile Receptionist (description: Receptionist Profile). Under Module Permissions, give Access to Room_Booking_Form and Room_Booking_Form_Advanced, allow View only, and leave Edit and Delete unchecked.
9. Create the profile Hotel Manager Profile, giving Access to both forms with wider View, Edit and Delete permissions.
10. Create the profile Front Office Manager (description: Front Office Manager Profile), giving Access to both forms with View, Edit and Delete permissions on selected reports.
11. Click Update to save each profile, and check that the roles are listed with their reporting structure.

RESULT:

Thus, the roles CEO, Admin, Hotel Manager, Front Office Manager and Receptionist, along with their permission profiles, were successfully created in Zoho Creator, and the role hierarchy and access control for the application were configured and verified.
